Cheetotarians,  
(John, I'll have to explain soon)

I really do appreciate everyone's patience and flexibility. I know it is very hard to schedule your professional and personal lives around these tentative activities. We have a moving target on our hands. I'd like to gather your availability from april 24 thru the end of May to keep it simple. The RP boat is not available next week. At this point we DO NOT PLAN ON ANY DIVE TEAM ACTIVITY NEXT WEEK April 18-22.

I have the weeks listed below. Please include weekends in your response as we are receiving overtime for this site. YOU ARE NOT COMMITTING TO THESE DATES. I will propose specific dates to you all before asking for a firm commitment.

April 24-30:  
May 1-7: EPA DIVER TRAINING (no San Jac)  
May 8-14:  
May 15-21:  
May 22-28:

Sincere thanks! (Again)

Brandi Todd  
Federal On-Scene Coordinator
